1. Is this application for an existing service already connected that has been sold to a new owner or tenant?

YES _____ **NO** _____

If yes, please indicate date of transaction.

Date _____

2. Is this application for a new water service connection?

YES _____ **NO** _____

ANSWER YES IF: this is a new property, which has not had service in the past or for some reason requires the installation of a new service connection. If yes, please indicate the date these facilities will be ready to connect to the public water system.

Date _____

If the service is to be provided at a date that differs from the connection date, please indicate that date.

3. Is the property to serve as a residential dwelling?

YES _____ **NO** _____

IF NO; the applicant hereby agrees to provide the township engineer, without charge, any construction drawings or additional information he may require in evaluating this application.

The Township’s rules and regulations and rate ordinance require the payment of a connection fee equal to the Township’s cost for providing the service connection and the cost of installing and providing the meter. Pine Township requires a drawing of your connection & material.

Tap in fees and impact fees are determined by meter size and type.

The applicant now and in the future agrees to comply with the Township’s rules and regulations and rate ordinance governing the provision of water service.

The applicant agrees to be responsible for the water service charges at this location until a proper request for termination is made to the Township and the Township terminates service. The applicant also agrees to promptly notify the Township of any change in the billing address.

Pine Township is responsible for the water service line from the water main up to and including the curb stop and the customer is responsible for the water service line from the curb stop to the water meter. The customer agrees that they are responsible for providing access to the curb box and agrees not to cover the top of the box.

The applicant hereby certifies that only lead free materials will be used in all plumbing work done after January 6, 1991.
